Building on our legacy.

caring together

Our employees are the foundation of the excellent care provided to our neighbors, friends and family. Your gift demonstrates that you believe in the future of our facility and our community, which is more important than now ever to ensure we can continue to provide the highest quality of care.

“I can do things you cannot, you can do things I cannot;

Together we can do great things.”

working together

Cornerstone is the employee giving branch of the Deer River Area Health Care Foundation. The Cornerstone Committee works to generate funds for special projects for our facility. 100% of the funds raised will go directly to support the employee-driven project ideas for Essentia Health-Deer River and area clinics. Every dollar will be invested directly into our facility and will not be used for operating expenses.

giving together

You can become a member by donating through payroll deduction pledge, or a one-time gift via cash, check or credit card. Simply fill out the pledge card and return it to the Cornerstone booth or the drop box in the mail room.

better together

Together, your gifts make an impact for our patients, residents and the community. If each employee gave just 3 dollars per pay period, we would raise over \$25,000 to support enhanced care in our facilities!
